About Us

Shree Siddhivinayak Plastic Products is a manufacturer and supplier in the industry, known for offering an exclusive range of top-quality Industrial Protective Coveralls, PVC Hand Gloves, Chemical Safety Body Protection Suits, Farmers Spray Aprons, and other products. Noted for durability and modern design, all our products are in high demand across the entire nation. Also, with excellence in business, we strive to develop our products in different specifications to cater to the different preferences of a wide audience. Today, we are leading the market and have become the go-to choice of several customers.

Stringently following the quality norms, we at Shree Siddhivinayak Plastic Products manufacture each of our products to perfection. Careful supervision of the production process, extensive product testing, and appropriate packaging of the items are what our daily routine consists of. To ensure that our esteemed customers receive the best return on their investments, we strive to test each and every product on several parameters. Consequently, we deliver products that are wrinkle-resistant, lightweight, dust-resistant, long-lasting, and comfortable.
