About Us

ENN ESS Industries is committed to offering clients the finest construction materials available and meeting different industrial requirements. We are a manufacturer and supplier who take pride in our range of premium-quality products, including mild steel walkway planks, aluminum extension ladders, MS thread bars, MS round plain washers, MS scaffolding pipes, anchor nuts, MS scaffolding jack nuts, MS prop sleeves, aluminum ladder clamps, forged double couplers, drop-forged fixed couplers, and MS spring clamps. Our mission is long-term performance and reliability for the customer by offering durable, precise, and functional products. Our unique selling points are in the quality of the materials used, which are unmatched in quality.

Mild steel walkway planks ensure optimum safety, while light aluminum extension ladders are versatile in use. Corrosion-resistant MS thread bars, robust scaffolding pipes, and high-strength plain washers give evidence of higher construction standards. From the robust aluminum, ladder clamps to premium-grade forged double couplers, each product is designed to meet the highest quality benchmarks and is therefore assured of safety and efficiency in construction projects.
