

## EFFECTIVE PUBLIC SERVICE

Energy saving in street lighting, Street light monitoring and controlling systems, street light controller and street light automation system manufacturing are OUR Business.

Almanac Timer, Annunciator Panel, CCMS Street Light Control Panel, Centralized Street Lamp Monitoring System, Commercial Street Light Automation, Composite Wastewater Effluent Sampler Open Channel, Composite Wastewater Pressure Line Sampling System, Constant Temperature Circulating Water Bath, DALI High Mast Controller, Effluent Flameproof Sampling System, Electrical Street Light Monitoring System, Electrolytic Metallurgical Polisher Etcher, Energy Saving Street Light Control Panel, Fire Alarm Panel, GPRS Street Light Management System, etc.

**ANNUNCIATOR PANEL**

**STREET LIGHT MANAGEMENT  
SYSTEM**

**FIRE ALARM PANEL**

## About Us

Incepted in 1980, we, Instruments International, are leading the market as a one stop solution for various Automation requirements. In our products line customers can avail to Street Light Automation Products, Street Light Parts, Street Light Components, Street Light Monitoring System, Automatic Light Controller, Effluent samplers, Micro Dosing Pumps, Customized PLC, I/O Modules, Range of Timers, Counters, On/Off Controllers and others. We also offer related services like Control & Monitoring Systems, etc. All our products and services are of international quality standard and have received huge acclamation from clients. Owing to this, we have been rewarded with the ISO 9001:2000 Certification. In our domain, we are reckoned as a high-technology organization with core competencies in Industrial Automation & System Integration. Since last 25 years, we are consistently delivering high quality & reliable products and services to our customers. In toe to the line, we have evolved out as one of the leading manufacturers, exporters and suppliers in our domain.

Also, we are one of the pioneers who have redefined the business of Digital Control & Industrial Automation. Our team of electrical, mechanical, electronics engineers, technicians and others are highly efficient and competent in their respective works. Moreover, their efficiency are continually upgraded through various training sessions like a Masters Conference of Microchip for PIC controller, 32 bit ARM processor, etc. Further our mentors, Mr. Paresh Choksi and Mr. Manoj Kapadia, have always guided us with their valuable and industry leading experiences. Owing to the combined efforts of our team members and mentors, we have been able to grow substantially in the market with an annual growth of 25%.

## Key Facts

<b>Nature of Business</b>	Manufacturer
<b>Primary Competitive Advantages</b>	astronomical time switch,wastewater sampler,programmable peristaltic pump,Street light monitoring system,Electrolytic Metallurgical Polisher Etcher,effluent sampling system,street light controllers
<b>No of Staff</b>	9
<b>Year of Establishment</b>	1980
<b>OEM Service Provided</b>	No
<b>ProductRange</b>	astronomical time switch,wastewater sampler,programmable peristaltic pump,Street light monitoring system,Electrolytic Metallurgical Polisher Etcher,effluent sampling system,street light controllers

## Our Products

**Street Light Timer  
Single Phase**

**DALI High Mast  
Controller**

**SCADA Street Light  
Automation Controller**

**Street Light Timer  
Switch**

**Three Phase Street  
Light Controller**

**Smart Outdoor Lighting  
Fixtures**

**Smart Outdoor Lighting  
Fixture**

**Portable Electrolytic  
Polisher Etcher INSIPOL**

**Street Light Feeder  
Pillar**

**Electrolytic  
Metallurgical Polisher**

**CCMS Street Light  
Control Panel**

**Universal Dosing  
Peristaltic Pumps**

**Constant Temperature  
Circulating Water Bath**

**Refrigerated Constant  
Temperature Water**

**Precision Temperature  
Laboratory Water Bath**

**Smart Street Lighting  
System**
