About Us

At Ratna Engineering Works, our unwavering commitment to quality sets us apart from our competitors. Founded in 2020, we have quickly found a strong foothold in the industry and become one of the leading manufacturers, suppliers, and service providers of Crusher Machine, Gear Parts, Bronze Ring, and RCC Hume Pipe. We adhere to rigorous international standards to ensure that our products are top-notch in terms of quality and possess features like corrosion resistance, reliability, and strong built.

We attribute our success to the use of advanced technology and a strict quality control system. Our experts make the best use of technological developments to make a commendable product-line and fulfill the diverse demands of the market. Furthermore, we strive to expand our operations while upholding our principles of quality, innovation, and ethical business practices. Under the leadership of Mr. Sourav Dey (Proprietor), we have been able to manufacture a commendable range of products. His guidance has been instrumental in helping our team overcome the challenges and achieve success.
