About Us

We, Anil Dye Chem, are successfully solidifying our position amongst the most thriving firms of dyes in the national market. Our intention is to become the leading source of supreme grade dyes for customers in textiles, apparels & other industries. Our offered line has Direct Yellow Dyes, Acid Brown Dyes, Acid Yellow Dyes, Direct Violet Dyes and many more items. All these goods are formulated adhering to the latest international regulations and policies, keeping up with our stance as the most quality focused manufacturer in the domain. With highly reliable, resourceful and professional services offered to customers, today, we are earning their valuable faith and trust, which we wish to retain for years.

Our Motto

The ultimate motto of our company is retention of customers for which we work with sheer dedication so as to improve our overall approaches, methodologies and ethics for workflow management with time.

Our Infrastructure

Our entire facility is arranged and organized in a manner to manage multiple tasks like production, quality assurance, packaging, etc., in a systematic and well-scheduled manner. We have state-of-the-art equipment and machinery installed at the premises so that we can produce premium grade **Direct Yellow Dyes, Acid Brown Dyes, Acid Yellow Dyes, Direct Violet Dyes, etc.**, in bulk amount.

Quality Policy & Assurance

We have set quality policies to produce all the offerings such as **Acid Blue Dyes, Direct Yellow Dyes, Acid Brown Dyes, Acid Yellow Dyes, etc.** in a standard procedure and thereafter approve them on the basis of their chemical composition, effectiveness, durability and other attributes. Our policy also underlines making ready delivery of only quality assured products backed with appropriate packaging.
