About Us

Extensive business experience is the biggest strength of our company, Chetan Sales Corporation because it benefits us in several ways. Deep understanding of the market, awareness of the buying behavior & growing requirements of the customers, trustable reputation in the market and customers loyalty are some of the benefits we have earned because of our long-standing position in the domestic marketplace. Several years back in 1981, we have formed our company and since then we have been engaged as a manufacturer and trader of Galvanized Foundation Bolt, Mild Steel U Shape Foundation Bolt, Galvanized J Shape Foundation Bolt, Industrial MS Nut, MS Stud, etc. For different application purposes, these fittings are used in several industries across the nation.

The material used for producing these industrial fittings, such as mild steel, stainless steel, etc., are directly sourced from the certified vendors situated around the country. We ensure that whether it is the raw material, technology or machine, only the best is being used for manufacturing the end products. We have earned lot of appreciation and praise from our customers for the dedication and determination with which we have been working in this industry from the last many years. Another reason behind the success of our firm is our owner, Mr. Chetan Panchal who is a strong-willed and talented individual.
