About Us

Dhanraj World of Export is one of the fastest growing corporations in India which was recently entered into the venture of trading agro items. Under the proprietorship of **Mr. Shankar Lal Anjana**, our company is running as a sincere & professional **exporter, trader and supplier of Wheat Seeds, Soybean Seeds, Indian Rice, Mustard Seeds, Fresh Potatoes, Fresh Onions, Natural Pearl Millet Seeds** and many more. Procured from the certified vendors of India, our whole range has huge demand abroad because of their superb quality, freshness, 100% purity and longer shelf life.

Through our wide distribution network, the agro items are supplied in bulk quantities to the clients destination. We are grateful that we get the chance to work with various reputed agro products manufacturers which are immensely helping us to cater the demands of our customers. They timely deliver all the products in our facility which we closely examine on varied food standards and only after that are introduced in the national and international markets.

Future Goals

- ✿ Being a newly established corporation, our main target is to win the trust of the clients by satisfying their requirements completely.
- ✿ After that, we want to hire more professionals in our team so that we can work in a smooth manner and grow immensely.
- ✿ We would like to join hands with more producers of agro items or even farmers to make long-term association.

Vendors, Our Support

One of the biggest reasons that we are successfully meeting the requirements of the customers is because of our supportive vendor base. We have made collaboration with the most genuine and reputed producers in India who are known for their quality products, fair price structure, timely delivery, ethical trade practices and great brand reputation. These are also the factors on which we select our vendors. By working in coordinated manner with them, we are able to deliver high standard Fresh Onions, Natural Pearl Millet Seeds, Mustard Seeds, Fresh Potatoes, etc. to our valuable clients all across the nation. In an air tight packaging, all the agro items are packed and delivered to the customers to protect them from insects & dust particles.
