About Us

S. K. Instrument Cabinet is a leading player in the markets for enclosures, cases, cabinets, and many other industrial products. The position that we today enjoy in the competitive market is the result of our hard-work, focus on designing, and strict quality control. We have more than 2500 products in our range, including Industrial Aluminum Carrying Case, Cable Glands, Vehicle Tracking System Cabinet, Aluminum Enclosures, Abs Junction Box, and Distribution Boxes. These products give us a prominent position among the top manufacturers and suppliers of the domain.

In order to regularly add products to our portfolio and improve the existing range, we pay attention to research and development. We have expert specialists to perform our R&D tasks in a result-oriented manner. These experts not only conduct research to analyze the market, and gain knowledge about the latest trends, but also to make strategies that help our company stay competitive in the industry.
