### About Us

Oxford Lab Fine Chem LLP, established in 2017, is a renowned manufacturer, exporter, and supplier of high-quality Dehydrated Culture Media, Laboratory Chemicals, Laboratory Reagents, Speciality Chemicals, Stains And Indicators Chemicals, etc. With a commitment to precision and innovation, the company caters to diverse industries, ensuring superior quality and reliability in chemical solutions for research, pharmaceuticals, and industrial applications worldwide.

Because we provide high-quality items, we have established a respectable reputation in the business. To ensure that the final product is robust and free of flaws, we uphold a high standard of quality throughout the production process. Our number of happy customers has grown as a result of our timely delivery and customer-focused philosophy. We also have a research and development department that works on creating new products to meet customer demands.

## Key Facts

No of Staff	50
Year of Establishment	2017
OEM Service Provided	No

### **Our Products**

**Dextrose Anhydrous** 

**Carboxy Methyl** Cellulose Sodium Salt

99% Adonitol For **Biochemistry** 

97 % Cholesterol

99% Hydroquinone **Powder** 

**Litmus Indicator Paper** 

26628 22 8 Sodium **Azide** 

99% Ethyl Paraben

**Ferric Citrate** 

99.8% Hplc Acetic Acid

90% Potassium **Tellurite Hydrate For** 

**Eriochrome Cyanine R Powder** 

99% B Arbituric Acid **For Synthesis** 

**Balsam Liquid For Synthesis** 

**Chromotropic Acid Disodium Salt** 

Gelrite Gellan Gum

**Anand Shah**
