

PELLET BURNER

Together we work to fulfill your needs

Aluminium Melting Furnace, Automatic Thermic Fluid Heater, Bakery Oven Pellet Burner, Biomass Pellet Burner, Biomass Pellet Burner For Steam Boiler, Diesel Fired Hot Air Generator, Edible Oil Heat Exchanger, Gas Fired Hot Air Generator, Industrial Hot Air Generator, JEPB-200 Pellet Fired Editable Heat Exchanger, etc.

BIOMASS PELLET BURNER FOR STEAM BOILER

JEPB-700 BIOMASS WOOD PELLET BURNER

JEPB-800 WOOD PELLET FIRED BURNER

About Us

Json Energy is one of the major manufacturers and suppliers in the area of high-performance thermal solutions, including Pellet Burners, Oil Heat Exchangers, Hot Air Generators, and Steam Boilers. As we focus on quality and innovation, we design and manufacture energy-efficient systems for industries, including manufacturing, agriculture, and energy production, according to their various requirements. We also offer installation, repair and maintenance service of our goods. Our advanced products will be engineered to enhance operational efficiency, reduce the consumption of energy, and ensure environmental sustainability. Behind our years of experience and customized solutions is the success of helping businesses reach optimum performance and cost savings for their heating and energy processes. The able guidance of Mr. Chandrabhushan, has taken our company to new heights of success and enable us to set a benchmark in the respective domain.

Based in Ghaziabad, Uttar Pradesh, India, Json Energy, is a leading manufacturer and supplier of advanced thermal solutions, including Thermic Fluid Heater, Melting Furnace, Gas Fired Hot Air Generator, Biomass Pellet Burner, etc. With a strong foundation in engineering excellence and innovation, we are committed to providing high-quality, energy-efficient products that meet the diverse needs of industries across India and beyond. Our state-of-the-art manufacturing facilities, skilled workforce, and customer-centric approach make us a trusted partner for businesses looking for reliable, cost-effective thermal solutions.

Key Facts

No of Staff	10
Year of Establishment	2014
OEM Service Provided	No

Our Products

Edible Oil Heat Exchanger

Roaster Pellet Fired Burner

Gas Fired Hot Air Generator

JEPB-400 Wood Pellet Fired Burner

Bakery Oven Pellet Burner

Edible Oil Heat Exchanger

JEPB-200 Pellet Fired Editable Heat

Automatic Thermic Fluid Heater

Biomass Pellet Burner

JEPB-50 Biomass Pellet Burner

Pellet Fired Steam Boiler

Diesel Fired Hot Air Generator

Industrial Hot Air Generator

Wood Pellet Burner

Pellet Fired Thermic Fluid Heater

Aluminium Melting Furnace

ADDRESS

14 Mg Road li Upside Mussori
Gulathi Industries, Phase 3,
