About Us

MRSON Equipments Pvt Ltd is one of the fastest growing organizations engaged in offering a wide range of creative and precise Level Controller, Limit Switch, Digital Indicator, Proximity Switch, Reverse Rotation Monitor, Cable Float Level Switch, Sequential Timer, etc. The company is a technical extension of a 30 years old firm, Protocontrol Instruments (I) Pvt Ltd that works on special application areas. With a passion for innovation, the company has become a back bone of Protocontrol and novel technologies to face the challenges of the market efficiently. We have been offering proven quality special application products for supporting the growth and development of the industries.

We work with Make In India Approach with a special focus on import substitute versions. Our company also provides additional and direct techno-commercial benefits to the patrons with unmatched professional support and service back up.
