About Us

For more than 20 years, A K Dyeing has been producing premium quality textile materials and supplying the same to a large clientele across India. Operating from Ludhiana, Punjab, we have earned our position in the industry due to our large-scale production facility, better stock management system and excellent supply chain management. As a recognized manufacturer and supplier of a wide range of textile products such as Terry Fleece Fabric, Polyester Raised Fabric, Polyester Warp Knit Tricot Tan Fabric, etc., we have created our niche in the industry. With our excellent delivery times, stock management, premium quality products and tailor-made solutions, today, we are confident of offering the best support to our clients.

Over the years, we have developed a nationwide network of distribution and are always striving to expand this network and optimize our internal procedures. We also have a large production facility where we fabricate products in bulk. We have a detailed knowledge of this industry, products and applications, and therefore are quite capable of understanding varied needs of our clients. In any business, expertise and comprehension are the two most essential traits and we are greatly attached to knowledge of our clients and following the latest trends and modern production process.
