About Us

The broad selection of steel-based goods and textile machine parts offered by our company, **Sodani Steel And Strips Private Limited** is the primary reason for our consistent growth in the market. We started our business in the year **2010** and have been leading ourselves as a **manufacturer, supplier, wholesaler** and **exporter** of high-quality steel products ever since. Our comprehensive variety encompasses **Stainless Steel Drop Pin, Stainless Steel Twin Wire Healds**, and a range of additional products, all of which are supplied to our clients at really affordable prices. For the development of our products, finest grade of raw materials are acquired by us from top vendors. We have established a strong reputation among many clients through such associations and by adhering to the highest quality standards.

We, Sodani Steel And Strips Private Limited, are a company based out of Ahmedabad, Gujarat, India and from here we deliver products like Stainless Steel Metallic Reeds, Textile Machinery Parts, Stainless Steel Wire Healds, etc.

Product Quality- Quality Policy & Quality Certificates

Maintaining the best quality levels across our product range is highly prioritized in our company. We have devised a proper quality policy according to which we carry out our operations. We have a modernized facility that is carefully managed by highly experienced and dedicated personnel to manufacture products like Stainless Steel Drop Pin, Stainless Steel Wire Healds, etc., which comply with the best quality specification.

Manufacturing & Utilization Capacity

Our facility is second largest plant of Hard & Tempered Steel Strip in Gujarat. The manufacturing capacity of our hardened and tempered steel strips is 1000 MT per annum.

Our Group Company & Associates

K.C. Group of Companies is our parent group company which was established back in the year of 1988. After achieving great success in the field of trading non-ferrous metal and textile spare parts, our mentor, Mr. Kailashchandra Sodani began producing textile weaving accessories. He is the only person who is recognized in establishing several businesses under one roof of K.C. Group of Companies. The group also includes Shivam Enterprise, Kailash Chandra & Co., Kailash Enterprise and Seema Reed Industries. Since 1988, Shivam Enterprise has been a well-known manufacturer and supplier of a wide range of Heald & Sulzer Frames, Metallic Reeds, Shuttles, CRC Strips, Wire Healds, Plastic Hooks & Separators, and other goods.
