About Us

After researching the necessity for various agricultural solutions, we established our company, Agri Science Co., to fulfill their demands. We have been in business since the year 2010 as a manufacturer and supplier of an extensive variety of agricultural products. Over the years, we have seen a significant improvement in our reputation in the industry thanks to our unique product line, which includes Power Plus Plant Growth Regulators Liquid, Fungi Fighter Bio Fungicides, V Hume Humic Amino Shiny Ball, Stick On Silicon Based Spreader, Hariyali Gold Plant Growth Promoter, etc. We ensure that all of the manufactured goods are of the greatest quality prior to shipping them to the clients. We also conduct in-depth market research to expand our product selection on a regular basis.

A production-based company must oversee numerous complicated activities in its infrastructure, but we are supported by a team that is highly skilled and experienced. Our team efficiently uses their many years of experience to manufacture a wide range of products, including V Hume Humic Amino Shiny Ball, Hariyali Gold Plant Growth Promoter, Power Plus Plant Growth Regulators Liquid, Stick On Silicon Based Spreader, Fungi Fighter Bio Fungicides, and others, in our infrastructure. The team also makes certain that all manufactured goods are duly quality-checked, correctly packaged, and promptly transported to the clients from our infrastructure. All in all, our incredible team has never let us down and has worked relentlessly to accurately handle every aspect of the infrastructure.
