

We are in a decade old business of *packaging*, delivering wooden packing solutions such as pallets, crates, wooden and plywood boxes etc. Driven by the wisdom of experience and powered by creative skills. We offer unmatched services to our clients. We possess a strong infrastructure, indigenous manufacturing regime and a talented team which helps us to offer very high quality products at a low cost, that too before time.

We welcome our customers to the production facility, as such they can experience our quality manufacturing process, thereby having a lasting impression. We have a vast experience in stuffing and shipment and do notify our esteemed customers well in advance regarding the scheduling of shipment, before or after loading.

Ours is an **ISO 9001-2008 certified company**, have been verified and assigned a unique verification number by *Credibility first*, a division of CRISIL', world's largest rating agency. This clearly reflects our passion for the excellence. In addition we also provide **ISPM-15 certificate** as per Export Norms on customer demand.
