ABOUT US

Based in India, for more than four decades we have been spearheading the plumbing industry. With multiple innovations and developments, we have retained a leading market share.

At Jindal Plast, as a complete water solution provider we are proud to be the pioneer of the sanitaryware industry in India while playing a major role in the countries development.

Founded in 1980 by Sh. Ram Niwas Jindal, Jindal Plast has come a long way from its humble beginnings.

Started with the vision of eco-friendly water solutions in mind, Jindal Plast has for sure been able to achieve in many terms what it was intended for. With multiple high capacity production plants across India, we are one of the largest producers of bathroom and plumbing solutions across the country.

We are recognized as a leader in design and innovation, Plumbing and Bathroom fixtures, taps, sanitaryware products and accessories for residential, commercial and industrial markets nationwide.

We have wide range of products. Our pipes and fittings are available in CPVC (Chlorinated Polyvinyl chloride), uPVC (un-Plasticised Polyvinyl chloride), HDPE (High Density Polyethylene) with applications in households, industries, agriculture,

electrical purposes, offices, communication lines, etc. In addition we also provide SWR (Soil, Waste & Rain) Drainage System, uPVC conduit pipes and fittings. We also produce Water storage tanks, Milk Buckets and Containers.

Our Sanitaryware portfolio includes: PTMT Taps, Toilet seat covers (UF and PP available in soft close and hard close), Concealed Cistern (In-wall Cistern), Exposed Cistern (Flush Tanks), Internal Mechanisms (Flush valves and Fill valves), Mirror Cabinets, Stainless Steel Kitchen Sinks and a wide range of Bathroom fittings and accessories.

We've maintained a commitment to always believing in better, creating stronger, healthier communities and more sustainable product solutions in an effort to leave the world a better place for generations to come.

500 ml.	250.00	20
1.0 Ltr.	450.00	10

uPVC AND CPVC SOLVENT CEMENTS

- Jindal Solvent Cements fuses the material together, creating one uniformly bonded piece of thermoplastic.
- It is a fast, easy and incredibly reliable joining method.
- Assures unmatched superiority, backed by extensive R&D efforts.

		
NON-TOXIC ECO-FRIENDLY	WET AND DRY APPLICATION	GREAT TEMPERATURE TOLERANCE
		
RELIABLE AND STRONG JOINTS	CLEAN AND ODOURLESS	FAST AND EASY TO USE

CPVC HEAVY DUTY SOLVENT CEMENT

250 ml.	150.00	50
500 ml.	250.00	20
1.0 Ltr.	450.00	10

Directions for Uses

- To make consistently good joints, the following points should be clearly understood.
- Stir or shake before using.
- Clean pipe and fitting with cleaner.
- The joining surfaces must be softened and made semi-fluid.
- Apply liberal coat of solvent cement to pipe and fitting Do not 'overcoat' thin wall or bell end pipe.
- Assemble parts QUICKLY! Cement must be fluid. If not fluid, re-coat both parts.
- Push pipe firmly into fitting using a 1/4 turning motion until pipe bottoms.
- Hold pipe and fitting together for 60 seconds.
- Allow joint to cure sufficiently before handling.
- Do not pressure test until cement is fully cured.

Storage & Handling

- Store at temperatures between 10°C and 50°C.
- Keep container closed when not in use.
- Keep away from heat, spark, open flame and children.
- Store in cool, dry, well-ventilated place.
- Do not mix with any other solvent.

HDPE SPRINKLER SYSTEM

IS: 14151:PART 1

IS: 14151:PART 2

- HDPE Sprinkler pipes & fittings are manufactured as per IS-14151 (part- I & II)
- HDPE Sprinkler pipes are available in 6 meter length with coupler in size of outside diameter 50mm to 110 mm in the pressure rating of 2.5 kg/cm² & 3.2 kg/cm²
- Sprinkler fitting are available in sizes of 50mm to 110mm pressure rating of 4 kg/cm² to 10 kg/cm²
- Sprinkler pipe is easy to use & safe Ideal for seasonal & permanent planting
- High resistance to corrosion
- Easily it adapts to all kinds of terrain
- Eliminate the water loss by providing a reliable seal with the sealing system
- Chemically inert, and suitable to use liquid fertilizers and pesticides
- Easy handling & quick installation by using coupler joint for both pipes

uPVC CONDUIT PIPES AND FITTINGS

- Jindal conduit pipes are ISI marked with confirmation to BIS standards
- Jindal Electrical Conduit Pipes are unplasticised and as a result non supporters of combustion
- Easy handling and installation
- Smooth interior finish facilitates easy laying of wires
- Tested for bending, Impact, Compression and collapsing
- Very cost effective piping system

The Jindal Group is an acknowledged leader of India’s plastic industry. It is credited with pioneering several path breaking products and has been a torch bearer in the transition from conventional to advanced plastic piping products in the country. Its customer centric approach fuels its research for designing unmatched quality products to meet the aspirations of its quality conscious customers. The innovative product portfolio offered by Jindal is extensive in range and application and comprises variety of pipes and vast spectrum of fittings totalling over 100 diverse products.

After encouraging response to the blow moulded water tanks, we are pleased to offer yet another unique quality product i.e. premium water storage tanks under the brand name of Weather Proof. These first of its kind premium overhead water storage tanks are designed to offer many best in class features to meet the requirements of elite class of customers. Weather Proof tanks are made available in five layered design with extra thick foam layer to make it extra strong, durable and most importantly to offer superior thermal insulation properties.

CAPACITY	3 Layer	4 Layer	Jindal Pure 5 Layer

5000 Litres	27500.00	32500.00	37500.00

Installation guidelines

- Provide a full bottom levelled support wherever necessary.
- Before installation, ensure that the top surface of the bottom support is plain and free from any sharp stones or metal pieces.
- Outlet connections should be drilled at least one inch from the bottom.
- Ensure proper support for inlet (s) and outlet (s) pipes to avoid undue pressure/ stress on the tank body.
- Use drill machine to make the holes on the tank and ensure that holes are of proper size.
- Never allow tank to remain dry for long duration once it is put to use.

- Hygienic food grade HDPE material used
- Lightweight & easy to clean
- Made from virgin plastic
- Maintains original colour and strength
- Better substitute in comparison to steel or aluminium containers
- Capacity of 5, 7.5, 10, 15, 20, 30 and 40 litres
- High chemical resistance & UV stabilized
- Anti-bacterial and anti- microbial properties
- Used in dairy, food industry and for household purposes

CONCEALED CISTERN IN-WALL CISTERN

- Its modern design offers a stylish look
- It's a great space saver if you have a small bathroom
- Hygienic and long lasting
- Advanced flush mechanism
- Saves water as it is available in both single and dual flush
- It's more effective than the older flush versions
- Comes with wide range of Flush Plate designs
- Available in both half metal frame and full metal frame

TOILET SEAT COVERS

UF (Urea-Formaldehyde, Thermoset)

- The thermoset material is unscratchable.
- Very easy to clean and even after years looks like at the first day
- A high quality material and aesthetically looks like ceramic
- Resistant against cigarette burns
- Can be 3D printed.
- Sounds more deep and less "plastic"

PP (Polypropylene, Thermoplastic)

- Synthetic resin (grains) softened and transformed by injection.
- Made from virgin plastic
- Fitted with high quality hinges
- Doesn't loose its colour and strength
- Shiny look
- Unbreakable design

- Available in both Soft close and hard close variants
- Antibacterial material for safety and hygiene
- Easy to install, maintain and fix
- Available for Floor Mounted, Wall Mounted, Two Piece and One Piece water closet

PRODUCTS

The image displays a collection of 24 certification certificates issued by Jindal. The certificates are organized into three rows and eight columns. Each certificate includes the Jindal logo, the name of the certifying body (ISO, ISI, or BIS), and specific details about the certified product or process. The certificates are for various departments such as Sales, Production, and Quality Control, and cover different types of products and services. The certificates are presented in a grid format, showing the layout and content of each individual certificate.
