About Us

If you have been in the market seeking a reliable source of heavy duty cranes and their spare parts than Shaktti Constructions Equipment Private Limited can help you by fulfilling all your needs. Being a manufacturer, and supplier, we have been meeting the wide ranging needs of heavy duty cranes for a long time. We offer an extensive array of cranes that have different sized jibs ranging from 36 feet to 75 feet including Mild Steel Hydra Crane, Industrial Hydra Crane, and Heavy Duty Hydra Crane. We also provide spare parts made specifically for Hydra cranes to aid in maintenance and their upkeep. These are manufactured adhering to the bespoke measurements and industry guidelines, and hence all our products have a fine fit and finish with the most impeccable quality.

Since its inception in 2019, Shaktti Constructions Equipment Private Limited, has become a prominent name in the hydra crane and spare part industry. We provide support through our hydra cranes to a wide gamut of projects that need aid in working on heights. Our cranes can easily extend their jib as per the need of the project. Further we also provide a wide range of Hydra Crane Spare Parts to help in maintenance as well as upkeep of the hydra cranes. We operate as a manufacturer and supplier from our headquarters in Palwal, Haryana, India. Every product that we include in our wide array of products is thoroughly tested and put forth for sale only after it is ready for use in real life applications. A customer is free to choose from our range that includes Mild Steel Hydraulic Crane, Industrial Hydra Crane, and Heavy Duty Hydra Crane.
