

“WHO” Recommends
SPIRULINA (JESURLINA)
A BEST FOOD SUPPLEMENT

JESURLINA
SPIRULINA

Let Your Food, Be Your Medicine - Hippocrates

SPIRULINA

(Arthospira Platensis) BLUE - GREEN ALAGE

SPIRULINA is a simple microscopic, fresh water (alkaline) blue-green algae, containing amazing amounts of Nutrients like PROTEIN, VITAMINS, MINERALS, IRON, CARBOHYDRATES, BETA-CAROTENE, the pigment PHYCOCYANIN etc., which are very important for our body function and GOOD HEALTH. Because of the presence of high amounts of nutrients, in ancient days it has been consumed as FOOD ITSELF.

Protein : 55 - 70%

Because of its high content of COMPLETE DIGESTABLE PROTEIN compared to other Protein-rich-foods like Egg, Milk powder, Chicken, Fish, wheat, It is advised as FOOD-SUPPLEMENT to those who eat less food and vegetables. It helps ATHLETES & BODY BUILDERS. It helps ELDERLY PEOPLE who has poor appetite and absorption of Nutrients in their body.

Because it's Iron (Haemoglobin) content is Ten times more compared to other Iron-rich-foods like Chicken liver, Cooked crab, Beef-liver, Soya beans, Cashew nut, it is very well recommended to eliminate the ANAEMIA.

Iron : 1.8mg / Gram

Beta-Carotene : 2330 iu per gram

Because Jesurlina contains, high amount of Beta-carotene (Pro-Vitamin-A), compared to Carrot, Pappaya, Sweet potato, Chlorella, Water melon etc. It is used to improve VISION - thereby reducing the risk of NIGHT-BLINDNESS. And since it helps in metabolic functions, and repairs & maintains the skeletal structure, it has the ability to reduce the risk of all kinds of cancer also.

Phycocyanin : 140mg - 200mg / gram

Phycocyanin present in the Jesurlina, helps build blood, stimulates HEMATOPOIESIS and improves IMMUNITY by regulating white blood cell production.

Gamma Linolenic Acid (Gla)

Gamma Linolenic Acid (Gla) present in the Jesurlina, helps the PREGNANT & NOURISHING MOTHERS, who need extra nutrients.

JESURLINA also offers all the essential VITAMINS like Vitamin - A, B-Complex (B1, B6, B12), Vit-C, Vit-E, for the well-being of our body.

JESURLINA also contains essential MINERALS and trace ELEMENTS like Calcium, Potassium, Zinc, Magnesium, Phosphorous...etc. which play a vital – role in maintaining good-health of our body.

Thus, Jesurlina

- Eliminates MALNUTRITION
- Helps build the body
- Reduces risk of ANAEMIA.
- Improves EYE-VISION
- Enhances the PHYSICAL & MENTAL ABILITY of children.
- Stimulates the IMMUNE system.
- Increases the ANTI-VIRAL activity.
- Reduces the risk of CANCER.
- Lowers CHOLESTEROL level
- Significant reduction in BLOOD SUGAR level

Recommended Dosage

1 to 2 caps three times a day.
Because of these above facts, the WHO recommends SPIRULINA (JESURLINA) A BEST FOOD SUPPLEMENT.

WHY TO TAKE JESURLINA ?

- It has high content of Complete digestable protein (55—70%), plus carbohydrate, Fat, vitamins and minerals..hence, it is used as a FOOD REPLACEMENT (2 to 4 cap. 2 times a day), especially those who eat less food and vegetables, or those BUSY INDIVIDUALS who work hard and pay little attention to their diet.
- Its high content of Protein helps the ATHLETES and BODY BUILDERS.
- It helps ELDERLY people who has poor appetite, absorption of nutrients in their body.
- It helps PREGNANT & NURSING WOMEN because of the presence of Gamma-Linolenic acid (GLA) in it.
- It helps people with HIGH CHOLESTEROL LEVEL in blood to lower, there by minimizing the Blood pressure when taken continuously.
- It shows significant reduction in BLOOD SUGAR LEVEL when taken continuously.
- Because it contains IRON in very rich quantity, it improves the BLOOD HAEMOGLOBIN drastically (4 caps. 2 times a day) in one month.
- It helps the AIDS PATIENTS lead longer more normal life, by inhibiting the further growth of the HIV-1.
- It has Anti-cancer effect to some extent by inhibiting the further growth of the cancer.
- Beta-carotene present in this, helps the people from EYE-DISEASES and prevent NIGHT BLINDNESS.
- It is a powerful tonic to develop immune system in our body there by saving our body from Attack of other diseases.
