About Us

Founded in the year **2017**, **Suraj Electronics** is a well-established electrical items trading company which holds rich knowledge in this field. The organization is procuring quality assured **Integrated Circuits, MOSFET Transistor, Pic Microcontroller, Optocoupler, Keltron Power Capacitor, Crystal Oscillator, etc.** from the reliable manufacturing brands. The vendors associated with us like JWCO, Keltron, Samwha, Dongke, Mosfet, etc. share great and long-term relationships with our corporation enabling us to fulfill the growing demands of the customers.

Supported by a team of dexterous professionals, we are able to win the faith of the buyers and become a trusted trader and supplier. In a cordial manner, our employees work together so that we can achieve all the organizational targets within the deadlines. Here at our company, the expertise of our workforce is utilized to their maximum potential to ensure consistent growth of the firm. Since our inception, we have been following the directions of our mentor, Mr. Birbal Bishnoi, who is the backbone of the corporation. Under his leadership, we are able to attain a strong foothold in the Indian electrical industry and achieve several milestones.

Our Infrastructure

To ensure smooth operations of the business, it is important even for a trading company to have a sophisticated infrastructure. Considering this, we have developed the same in Chandni Chowk, Delhi which connects us with the major transportation networks. This unit has all the sound amenities that are required for executing activities like quality checking, packaging, sales & marketing, etc.

Spacious Warehouse

For the safety of the sourced products, a warehouse is a necessity of every trading organization. Our infrastructure incorporates a spacious warehouse where we stock all the procured Pic Microcontroller, Optocoupler, Keltron Power Capacitor, Integrated Circuits, MOSFET Transistor, Crystal Oscillator and other electrical items. In a systematic manner, the products are kept here under a safe & hygienic environment.

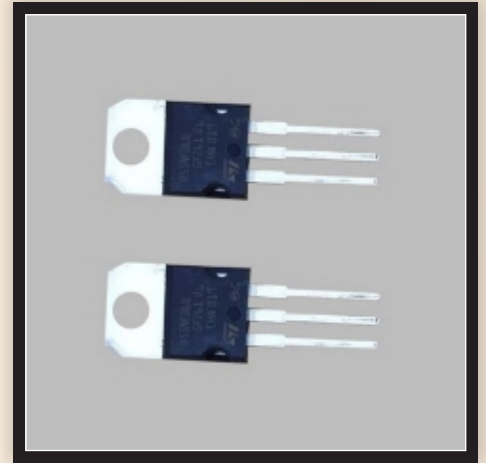

Our Products

LM324 Integrated Circuits

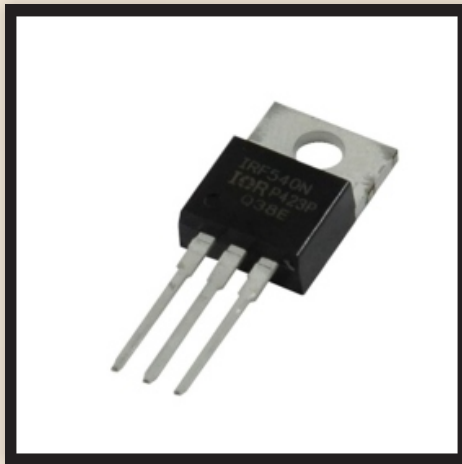

10D511K Mov Mosfet

P55N06 Mosfet Transistor

TIP31C Power Transistor

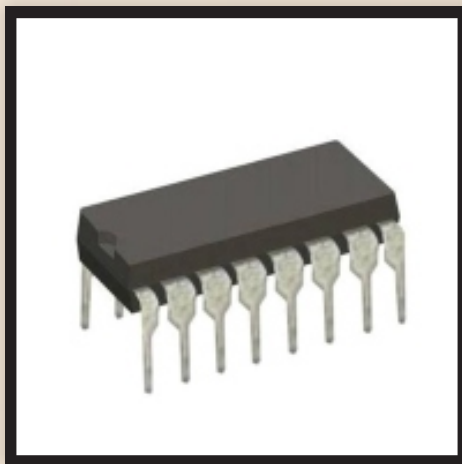

IRF540N Mosfet Transistor

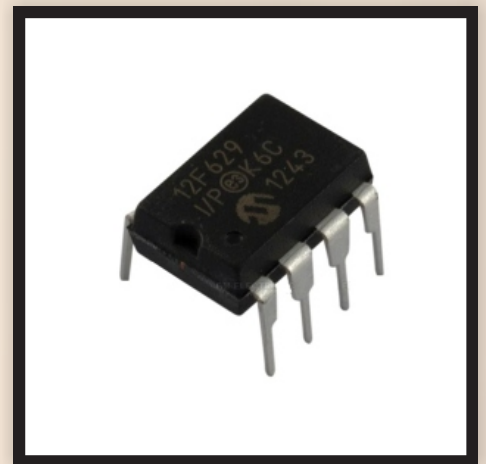

**1A06AA Power Mosfet
Module Transistor**

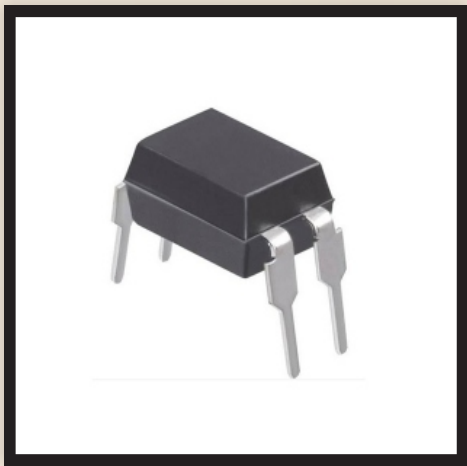

Irfp460 Mosfet Transistor

MTD10F676 Pic Microcontroller

12F629 Pic Microcontroller

PC814 Optocoupler

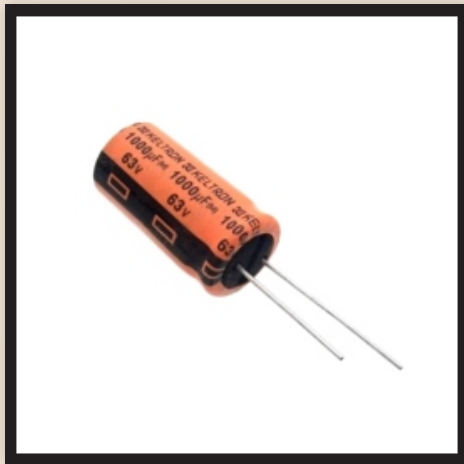

CNY17-2 Optocoupler

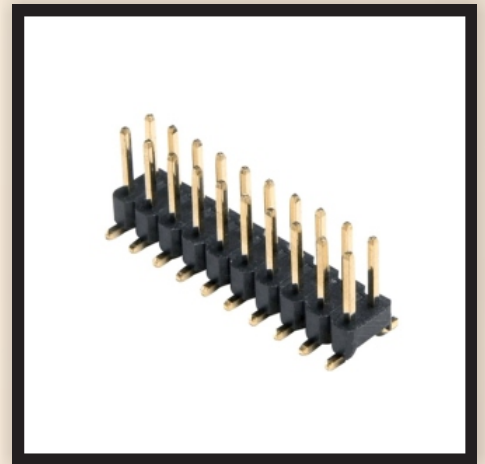

3 Pin Terminal Block Connector

DK125 Dongke Semi Conductor

Keltron Power Capacitor

Dual Row Pin Header Connector

Samwha Electrolytic Capacitor

1.5UF-3.3UF Tantalum Capacitor

1N4007S Diode
