Golden Sella Basmati has the delicious taste and visual appeal of pure basmati, but with improved holding ability and resilience to over cooking. we simply parboil our signature basmati in its husk, a completely natural process, enabling you to cook stir this rice without losing the texture.

1121 Basmati Rice is one of the types of basmati rice. It is hybrid extra long grain rice grown in Haryana, Punjab, and Uttar Pradesh states of India. it is a slim rice grain with average grain length of 8.30mm+.

Broken Rice is fragments of rice grains, broken in the field, during drying, during transport, or during milling. Mechanical separators are used to separate the broken grains from the whole grains and sort them by size.

Pulses

Pulses are commonly referred to as “Dals.” There are many different types of pulses that adorn a typical Indian kitchen. They belong to the legume family and are a powerhouse of proteins and nutrients.

No Indian kitchen is complete without these colorful delicacies. They add zing and flavor to a regular Indian meal. Some different types of pulses that one can find in a typical Indian Kitchen.

Pickles

Pickling is the process of preserving or extending the shelf life of food by either anaerobic fermentation in brine or immersion in vinegar. The pickling procedure typically affects the food's texture and flavor. The resulting food is called a pickle, or, to prevent ambiguity, prefaced with pickled. Foods that are pickled include vegetables, & fruits.

Fruit & Vegetable

Fruits and vegetables contain important vitamins, minerals and plant chemicals. They also contain fibre. There are many varieties of fruit and vegetables available and many ways to prepare, cook and serve them. A diet high in fruit and vegetables can help protect you against cancer, diabetes and heart disease. Eat five kinds of vegetable and two kinds of fruit every day for good health. When buying and serving fruit and vegetables, aim for variety to get the most nutrients and appeal.
