## About Us

Incepted in the year 1976 by Yogesh Gupta as a humble trading house, we have step by step completed over four decades in the field of mechanical power transmission engineering and have created a niche for ourselves as a One-Stop-Shop for the unique power transmission need of every Indian Industry.

Our association with J.K. Fenner India Ltd. has been since our inception and the introduction of Engineering Products by Fenner in Indian markets. We have had the exclusive privilege to cater to all public and private sector industries for almost two decades. With our expertise in real power transmission technology, reliability, timely delivery, genuine quality, HUGE STOCKS and exceptional technical support we have emerged as proven leaders.

Dynamism and infusion of new blood is necessary for PROGRESS & DEVELOPMENT in any sphere of business. As the rule, we have our own element of the next generation with Tanay Gupta & Dr. Amitkumar Patil giving drive to the marketing of newly introduced products such as Poly V & QD Bush Timing Pulleys, Taper Lock Pulleys, Taper Lock Bushes, Parallel Helical Geared Motors, SMSRs, Locking Assemblies and the latest offering by J.K. FENNER . . . the eSwan PADDLE WHEEL AERATORS for Aqua Transmission.
