About Us

We at **M. P. Engineering** initiated our journey in recent years, **2020**, with ambitions of reaching sky high success in the Indian industry through our technically advanced work. By serving as a **manufacturer**, we are bringing a reliable & resourceful segment of industrial machinery which has immense applications in multiple sectors. Our purpose is to become the most promising hand for customers who seek for availing high performing machines with better quality features at cost saving prices. The segment offered by us contains **Automatic Namkeen Fryer Machine, Z Type Elevator, Boiler Machine, Hydro Dryer Machine, Malli Machine, Pouch Packing Machine, Bari Making Machine** and more items. We manufacture all these machines in adherence to modern industrial standards only.

Under the visionary leadership of **Mr. Mohan Pal**, we are steadily expanding our business and strengthening our presence in markets nationwide. We are picking on every opportunity that comes our way in order to enhance the business experience of our esteemed clients and deliver them utmost satisfaction with the completion of every order.

Inaugurated in 2020, M. P. Engineering is making its name in the Indian industry for advanced engineering & high tech production of varied industrial machinery. We are dealing in items such as Automatic Namkeen Fryer Machine, Boiler Machine, Z Type Elevator, Malli Machine, Hydro Dryer Machine, Bari Making Machine, Pouch Packing Machine and others. These are designed and manufactured at our ultramodern in-house facilities. Based in Ghaziabad (Uttar Pradesh), we are striving to expand our network from local to national regions and earn recognition from the industrialists & professionals in

Remarkable Quality

The core strength of our company is quality as we put major emphasis on quality maintenance as well as improvement. We have a team of experienced engineers and technical support staff who work collaboratively to design, manufacture and evaluate the quality of machines in a systematic manner. They practice advanced engineering methodologies to manufacture finest performing machines including **Z Type Elevator, Automatic Namkeen Fryer Machine, Hydro Dryer Machine, Boiler Machine, Pouch Packing Machine, Malli Machine** and others that are also energy efficient.

At our unit, we have installed instruments and devices that are vital for inspecting and verifying all the machines on required quality parameters. This way, we make sure that only the verified machines as per latest industrial standards are delivered to the customers from our end.

Our Products

Stainless Steel Batch Fryer Machine

Automatic Namkeen Fryer Machine

Mild Steel Batch Fryer Machine

Semi Automatic Batch Fryer Machine

Z Type Elevator

Boiler Machine

Automatic Hydro Oil Remover Machine

Hydro Dryer Machine
