About Us

More than 2 decades ago, we, Arvind Machine Tools, began our business voyage as a manufacturer of valves. To retain high quality standards, we fabricate our offerings using grade A material sourced from coveted vendors in the industry. Additionally, we perform various quality checks aiding to zero manufacturing defects. Gradually, we expanded our business to add PVC, UPVC, CPVC Pipes and Fittings in our range. Evidently, our brand is now popular Nationwide due to the nonpareil quality we maintain. Therefore, buying CPVC Tank Nipple, UPVC Ball Valve, UPVC End Cap, UPVC Brass Pipe Elbow, CPVC Brass Elbow and other fittings, from us is always an ideal choice. We, at present, also work as an exporter of aforesaid fittings.

From Petrochemicals to Oil Exploration, Chemical to Pharmaceuticals, Effluent Treatment & Sewage Plants to Water Treatment Plants and Food & Beverage to Cooling Water & Water Supply Plants, our offerings find usage everywhere owing to their nonpareil quality, sturdy built, smooth finishing and dimensional precision. However, our excellence in manufacturing solely does not define us.
