## About Us

Nirmal Automation is India's leading manufacturer and supplier of Automatic Entrance Solutions, offering innovative and reliable automation for doors, gates, docking bays, and roofing systems. Since 1994, we have been committed to delivering energy-saving and safe solutions that simplify day-to-day operations while enhancing user comfort and facility efficiency. We have gained immense popularity among customers for offering products like Automatic Telescopic Sliding Gate, Automatic Barrier Gate, Galvalume Steel Rolling Shutter, Polycarbonate Rolling Shutter, etc.

Based in Maharashtra, we serve a diverse clientele across sectors such as logistics, pharmaceuticals, hospitals, food processing, engineering, petroleum, aviation, hospitality, manufacturing, and government institutions including embassies, ports, and military establishments. With over 27 years of industry experience, Team Nirmal handles everything from manufacturing and supply to installation and maintenance of entrance automation systems for industrial, commercial, residential, and institutional applications. Our dedication to quality, timely delivery, and customer satisfaction has earned us a loyal client base across Maharashtra and beyond.
