About Us

Allegiance Stonex is a reliable supplier and trader committed to providing a wide variety of natural materials that showcase the elegance and sophistication of premium marble to its customers who seek quality. Our carefully selected line of marble products includes oyster white marble, swiss grey marble, white onyx marble, beige marble and black marble. Each type of marble we offer has its own unique style and pattern, refined look and exceptional beauty. These stones show the timeless art of nature and feature high-quality vein pattern, color consistency and textures. Being driven by our love for quality and good aesthetics, we always strive to meet the ever-evolving needs of our customers, including architects, designers, builders, and property developers. All marble products we provide are well-known for their quality and unique appearance. These products can be used in different places, including houses, offices and commercial establishments.

Our deep knowledge of industry facts, our customer-first mindset, and our commitment to excellence help us provide products that meet the highest levels of design and functional excellence. We pay close attention to the selection and design of our products, always taking into account the aspects of look, durability, and appropriateness. As a result, our clients receive materials that contribute to their projects quality and value.
