About Us

The goal of establishment of Pureit Chemicals was to offer its clients high-end goods. We are regarded in the market as one of the best suppliers and traders in the sector after achieving that aim through years of perseverance, hard work, and commitment. Products from us include things like ETHYLENE-VINYL-ACETATE (EVA), HYDROCARBON RESIN, Styrene Isoprene styrene (SIS), Styrene-butadiene-styrene (SBS), Styrene-Ethylene-Butylene-Styrene (SEBS), and more. We source these goods from the most reputable producers in the business, who have extensive manufacturing expertise and years of market experience. These are professionals in their field, and we acquire their goods only after conducting in-depth market analysis. Additionally, every product is put through a battery of quality assurance tests to help us assess whether or not its level of quality meets or exceeds international standards.

Founded in 2021, Pureit Chemicals is known for supplying and trading premium-quality Aeracil Powder, Glass Beads, Titanium Dioxide Rutile Powder, Styrene Ethylene Butadiene Styrene, Organic Pigments, and more. We conduct all our business operations out of Mumbai, Maharashtra, India. The timely delivery of all the consignments has been made possible because we are backed by our capacious warehouse area, where these items are stored effectively. Proper temperature, pressure, and humidity conditions are maintained to ensure the long shelf life of these products. Each item is effectively segregated into various racks and compartments according to their specifications. Moreover, the area helps us cater to the bulky and urgent requirements of our clients. Going forward, we aim to expand further, thus catering to the requirements of a larger audience.

Key Facts

Primary Competitive Advantages	Styrene Isoprene Styrene, Styrene Ethylene Butadiene Styrene, styrene butadiene rubber, hydrocarbon resins, ethylene vinyl acetate,
No of Staff	6
Year of Establishment	2021
OEM Service Provided	No
Product Range	Styrene Isoprene Styrene, Styrene Ethylene Butadiene Styrene, styrene butadiene rubber, hydrocarbon resins, ethylene vinyl acetate,

Our Products

Organic Pigments

Ink Titanium Dioxide Rutile

Ethylene Vinyl Acetate-EVA

Titanium Dioxide Anatase

Aerosil Powder

Ultra Marin Blue

PE Wax

Ink Carbon Black

Optical Brightener

Ink Nitro Cellulose NC Cotton

Ethylene Vinyl Acetate 40%

Barium Sulfate

Titanium Dioxide-Rutile

Chlorinated Polypropylene-CPP

Calcium Carbonate

One Pack Stabilizer
