About Us

We, AP Engineering Company, are one of the esteemed manufacturers, suppliers, and traders of world class Double Coil Laminar Ring, Drain Cleaning Spring, Fey Laminar Ring, Groove Ring, Internal Circlip, Nut and Bolt, etc. To meet the expectations of customers in the Indian market for these products, we use advanced machines and technical know how in their manufacturing process. Also, the materials used in their production are quality checked by our team of experts. Incorporated in 2022, we work with the goal of becoming a trusted brand in the industry. With a huge infrastructural facility, we have been successfully offering our top notch quality products to the customers within the promised time frame. Because of our excellent monthly production capacity, we have been meeting the bulk orders without compromising the quality. Moreover, we quality check the range on different parameters to supply the best and maintain the trust of our esteemed customers.

AP Engineering Company is a proud Indian company, situated in Virar, Maharashtra, India. We manufacture, source and provide an excellent quality gamut of Drain Cleaning Spring, Double Coil Laminar Ring, Internal Circlip, Nut and Bolt, Groove Ring, etc. across India. We aim to minimize time-consuming & inefficient techniques in our business. This is because such techniques reduce the pace of servicing thereby affecting the brand identity in a negative way. Hence, we make all the products with modern and result-oriented technologies. We have adopted modern methods to boost productivity & achieve cost efficiency in our business. With the continuous hard efforts, we are winning hearts of many customers within a short time, which also motivates us to offer the best every time.
