## About Us

Modern people are aware of the fact that jute is one of the most environmental friendly materials that causes no harm to flora and fauna. It is this material that is known for its versatility and large usage in numerous industries like packaging, construction, and more. Introducing supreme quality jute products to meet modern customers requirements is **A.M.R Jute Product**. We are a **2018** founded **manufacturer** and **exporter** of **Jute Braided Rope, Green Jute Rope, Purple Jute Rope, Yellow Jute Rope, Jute Table Mat** and many more jute items in Berhampore, West Bengal (India). Our company is well-known for creating different colors, sizes and thicknesses of ropes, which find use in wrapping bales of cotton and making sacks. Also, our table mats are meant to increase the aesthetics and practicality of dining, living and office spaces. All our jute products are cost-effective and recyclable.

## Production Excellence

Our company owns a big production space for producing a large variety and huge quantity of jute products. We have dependable resources for creating matchless quality jute items. In a month, 150 tonnes of total jute items are produced at our own facility, under the supervision of experts, who hold deep industrial knowledge. Our passion to impress customers is one of the reasons for our company carrying out shipment process in a smooth and hassle free manner.

## International Presence

Indian jute is famous all around the world for its natural golden shine, bio-degradability, high tensile strength and versatility. Taking an initiative to supply the best of jute based ropes and table mats in the global marketplace, is our company, A.M.R Jute Product. Our four years old company is happy to have expanded its products supply reach from India to numerous regions of the world. With the assistance of long-standing logistic companies, we are supplying our Jute Braided Rope, Jute Table Mat, Green Jute Rope, Yellow Jute Rope and more jute products in **Saudi Arabia, Zimbabwe, USA, Japan, Scotland and Europe**.
