About Us

Supreme Carbon And Electricals is one of the most trusted corporations in the Indian market which has been catering to the requirements of silicon plants, steel mills, sugar factories, semiconductor industry, material handling sector, etc. since the formation of the company in 2017. With the optimum utilization of our domain knowledge, experience and amenities, we are able to come up with supreme quality Carbon Bush, Carbon Fiber Vanes, Current Collector, Graphite Electrode, Heavy Duty Leybold Vanes and similar products. Over the period of time, we have won the trust of the customers and become a noted manufacturer, trader and supplier in the industry.

We, being a client-oriented corporation, promise our customers that they will receive only the best quality products at genuine prices, from our side. When it comes to the quality of the products, we do not take any kind of risk. From using finest materials to the cutting-edge technologies; we ensure that everything best is used in the production stages. We have a group of experienced team members who make sure that the goods are fabricated as per the standards of the industry.
