About Us

Kiah Metallurgical India Exporters is a reliable industrial manufacturer and supplier of high performance industrial valves, designed to fulfill the rigorous demands of the modern industries. We have a broad selection of products such as Foot Valve, Trunnion Mounted Ball Valves, Metal Valves, Globe Valves, Steam Trap Valve, and more with a strong focus on quality, durability and technical precision. Our solutions will provide a high level of efficiency in flow control, operational safety, and long life in a variety of industrial applications.

Founded in 2018, in Mumbai, Maharashtra, India, Kiah Metallurgical India Exporters manufactures and supplies Foot Valve, Trunnion Mounted Ball Valves, Metal Valves, Globe Valves, Steam Trap Valve, and more. We have a very broad range of products which is an indication that we have the capability to address the needs of a very broad range of industries. Be it a guarantee of backflow prevention by using foot valves or providing strong flow control by using globe valves and steam traps, our solutions are designed to perform and last. The trunnion mounted ball valves that we produce are especially appreciated due to their stability and convenient functioning in high pressure systems. It is this flexibility that enables us to attend to customers whose operational needs are diverse and still be able to offer a uniform product quality.
