## About Us

Quality and innovation are the second names of **Air-Vac Equipments**, as it constantly innovates on its products to come up with a new and improved range every time. With sheer determination and a sharp business acumen, we have made our presence felt in the domestic as well as in the international markets. We have established ourselves as an eminent **manufacturer, exporter and supplier** of a wide assortment of well engineered products including **Twin Lobe Air Cooled Compressor, Water Ring Vacuum Pump, Twin Lobe Roots Blower, Truck Mounted Roots Blower, Twin Lobe Air Blower, Fly Ash Bulker Unloading System, Cement Silo Compressor, Air Blower Machine Parts, Flyash Feeding Pump** and **Twin Lobe Water Cooled Compressor**.

Our highly trained engineers are dedicated towards finding economical solutions for the clients. We constantly strive to further improve on our products and achieve complete client satisfaction. We are a company, always open to new ideas, and our farsightedness has won us accolades the world over for designing and engineering quality products. Competitively priced, our products are well received in the market and an effort is made to deliver the products right on time.

In business since 2001 and specializing in the production and supply of **Twin Lobe Air Blower, Twin Lobe Air Cooled Compressor, Water Ring Vacuum Pump** and many more equipment and parts to customers. A team of engineers works to meet the expectation of customers, together with meeting the exact demand. The range of air compressors, blowers can meet the requirements of all sections, from power generation, oil & gas to petrochemical. Teamwork, integrity, commitment and respect are a few values that define Air Vac Equipment. Through proactive nature of professionals, the company is successfully providing complete solutions to customers.
