About Us

Garima Industries stands by providing unparalleled transportation solutions in the form of quality-assured manufacturers and suppliers of various kinds of bulkers, trailers, and truck dumpers. Holding the principles of innovation, resilience, and economy in mind, we supply machines that conform to the best practices in the industry and serve to fulfill the ever-changing requirements of logistics and construction companies. Our advanced precision engineering and innovative safety features make our products provide the best performance and reliability for every trip.

All our products are constructed using premium steel structures, providing unprecedented strength and durability. Our cement bulker trailer and cement bulker truck are designed to ensure maximum load distribution and quicker unloading, facilitating smooth operations. Our tipping trailer and sidewall semi-trailer have reinforced chassis and superior hydraulic systems to ensure a smooth ride, whereas our truck dumper and MS skeletal trailer are designed to be strong enough to withstand intense use. To add to efficiency, we also supply diesel dispensing tanks equipped with smart tracking devices to monitor fleets in real-time.
