SCREW END NEEDLE VALVE

**TWO PIECE TRUNNION MOUNTED
BALL VALVE**

**PHARMA HIGH PRESSURE BALL
VALVE**

About Us

The head office of Flowbiz Exports Private Limited is located in Ahmedabad, the Gujarati states commercial hub. The flow control industry in India was still quite young when we started our journey in the 1990. In retrospect, the preceding 30 years have been a passionate journey that required a lot of work, hope, and trust. We have been rewarded for our thirty years of arduous work with continual innovation, knowledge creation, and progress. As the top manufacturer and supplier of MS Flange End Y Type Strainer, Screwed End Piston Valve, Gun Metal Horizontal Check Screwed End Valve, etc., we have been working with highest level of professionalism.

We frequently service our facilities to ensure that they deliver the best quality goods. At the moment, we are capable of manufacturing any type of industrial valve, making us one of Indias leading valve manufacturing companies. The foundation for what we aim to accomplish has now been laid out after years of research and development. We aim to dominate the valve market on a global scale and are working for the same. We will make sure FlowBiz reaches its full potential globally and has the chance to collaborate with every country in the world. Using our four key formulae of faith, commitment, services, and delivery, we have established benchmark goodwill in the Flow Control sector.
