About Us

Established in the year 1988, Pune Pumps Sales And Services Pvt. Ltd. is a well-established organization in India which deals in industrial pumps. As a well-experienced dealer, trader and supplier, our company provides Multitech Multistage High Pressure Pump, Centrifugal SPnorm Pump, Peristar GS Motor Pump, Volute Pump, etc. to the customers. Because of the precise designs & dimensions of our pumps, they are widely used in agriculture, oil & gas, sewage treatment plants, industrial plants, chemical and various other industries.

We are an authorized dealer for the standard industrial group of products of KSB Pumps Ltd. Our company shares great and long-term relationships with our business associates who provide us with superior quality products at best prices. Along with the products, our company is providing cost-effective Installation and Repairing Services to the clients. As a reliable service provider, we make sure that our solutions meet the specific requirements of the clients. Both our products & services are known for their reliability and nominal prices.
