## About Us

Aditya Envirotech is widely acknowledged as a leading Manufacturer, Wholesaler, Supplier Service Provider of Sewage Treatment Plants, Effluent Treatment Plants, Water Demineralization Plant, RO Plant, etc. We are also providing Environmental Audit Service which help an organization to assess its environmental impact, detect areas of non-compliance and adopt corrective measures. Such a combined strategy will enable the clients to not only embrace better equipment but also ensure compliance with regulatory frameworks.

We are highly specialized in aeration and diffusion technologies. We have silicon tube diffusers (precision-engineered fine bubble diffusers), EPDM fine bubble diffusers, and silicon disc bubble diffusers. These systems are tailored to have maximum efficiency in oxygen transfer and minimum energy usage thus are suitable in wastewater treatment plants, industrial effluent systems and municipal processes. Every product is designed with the aim of durability, reliable performance, and an easy installation process, which guarantees our customers long-term value.
