About Us

We at Faizco Industries are committed to producing cutting-edge Wire Straightening Cutting Machine in different specifications. As a company dedicated to precise engineering and state-of-the-art technology, we develop and build devices that simplify the process of cutting and straightening wires of different diameters and materials. Apart from being a manufacturer and supplier of the mentioned product, we are a service provider for repairing service. Our mission is to equip enterprises with dependable, long-lasting machinery that boosts output quality and increases production. We aim for innovation and excellence in every step of our production process, supported by a group of knowledgeable engineers and technicians, to make sure that our machines satisfy the highest requirements for dependability and performance. Our devices are designed to satisfy customers unique requirements and go above and beyond their expectations, whether they work in manufacturing, construction, or any other field where accurate wire handling is necessary.

Our organization is utilizing cutting-edge production facilities to guarantee the greatest levels of efficiency and quality in our offerings. With state-of-the-art equipment and cutting-edge technology at our disposal, we maintain a dedication to accuracy and creativity in our manufacturing processes. This commitment keeps us ahead of the competition in the industry and enables us to provide our customers with excellent products and services. We use the most recent developments in manufacturing to promote quality and dependably and confidently satisfy our clients changing demands.

Key Facts

No of Staff	20
Year of Establishment	1995
OEM Service Provided	No

Our Products

**Industrial Wire
Straightening Cutting**

**Iron Wire Straightening
Cutting Machine**

**SS Wire Straightening
Cutting Machine**

**High Quality Wire
Straightening Cutting**

ADDRESS

**Plot No. I-73, Sector-1, Bawana
Industrial Area, Delhi, India
(110039).**
