## About Us

OMS Group is a leading manufacturer and supplier of Gold Melting Furnace Italy Type, Air And Gas Powered Gold Melting Furnace, Electric Melting Machine, Manual Mini Roll Press, Jewellery Wire Sheet Rolling Machine, and more. We are actively engaged in identifying growth opportunities, positioning ourselves as a relatively young entity within the intricate forging industry. Our team comprises highly skilled and dedicated professionals capable of managing demanding tasks, which we execute successfully on a regular basis.

Our manufacturing facility spans many square yards of industrial land and is equipped with advanced metal cutting, heating, and state-of-the-art technologies, facilitating a synchronized manufacturing process. Moreover, we possess sufficient infrastructure to support a 300% increase in capacity at our current location. We are already in the process of expanding our abilities and are engaged in negotiations to incorporate advanced technology.
