About Us

We, **Baid Steel Pvt. Ltd.**, are a 2006 established business concern, famous for our exceptional trading talent. Our name is acclaimed not just by our clients but also by several experts of the industrial sector. We bring forth well designed and manufactured pipes, rods, bars, etc. These are carefully sourced from trusted suppliers of the market, chosen by us wisely. Quality testing of all the procured industrial items, we confirm that clients are always delivered the best from our enterprise. Our range of **GI Pipes, MS Square Pipes, MS Wire Rods, Round Bars**, etc., is made available to clients in varied sizes, designs and other specifications. One can avail this impressive industrial gamut in exchange of reasonable prices, which are set by our management after properly studying the market trends and understanding clients budgets. This caring attitude towards clients has made us the leading trader and wholesaler in the domain.

Best Quality Is Promised By Our Company! We have been promising to offer best quality GI Pipes, MS Wire Rods, etc., to our precious clients. To assure such quality, we quality test all of our procured batches, as per the latest industrial norms and standards. Our company makes use of advanced quality testing equipment at our quality control lab. A team of skilled analysts takes responsibility to quality test each batch with perfection. Their support has helped us in fulfilling our quality commitments in the past 14 years. Through proper quality testing, we assure that

Our company is reliant on a well built and spacious infrastructure, backed with advanced machines & equipment. The infrastructure is standing tall on an area of 2600 sq. ft. Here at this facility, each and every business activity is carried out in an ethical manner. Best quality MS Wire Rods, GI Pipes, etc., are stored, quality tested and packed in this facility in the best possible manner. We are planning to expand this space even further to increase our business capabilities.
