## About Us

If you are in search of a business entity, which deals with materials that are used in infrastructural development projects, you are at the right place. We, Mahad Infrastructure Private Limited, will end your search by providing a range of materials such as Head Fluid Section, Wagner Heavycoat 950E Painting Machine, Sika Block Jointing Mortar, Sika Ceram 850 Design Tile Grout, Microcrete 4, Sika Ceram 888 Tile Grout EP, Crack Filler, Valve Assembly, Adhesive Joint Tape, and many others.

We understand the needs of different kinds of materials that are used for the building purpose. With our rich understanding, we regularly add a large number of products to portfolio and meet the demands of customers.
