About Us

Quality assurance is one of the founding stones of our company, Shree Parashar Engineering. We got established in 2022 as a manufacturer of Thermoforming Glass Machine, Screw Air Compressor, and various other machines and equipment. Today, we are engaged in providing high-tech products with the guarantee of the best quality as well as performance under all working conditions. The range of Plastic Sheet Extrusion Plant, Hydraulic Cutting Machine, Automatic PP Vacuum Forming Machine, and others we offer is fabricated at our own facility located in Indore, Madhya Pradesh. This facility is supported with a quality wing where our competent experts test the finalized products. As a part of our standard practices, they also conduct regular checks and inspections during the production stages of the range.

Quality assurance is not just reserved to checking of machines we offer. We also maintain top notch standards while dealing with clients. Right from replying to their needs to suggesting them the right machines for their applications- everything is done with quality as the cornerstone. Even the queries of clients are addressed within a quick time with complete honesty and transparency.
