## About Us

Shri Balaji Packers, located in Samaypur Industrial Area, Delhi, India was established in the year 1997. As a manufacturer and supplier of the packaging and sealing machines, the company is known for premium quality. We are delivering our Biodegradable Container, Single Chamber Vacuum Packing Machine, Compostable Carry Bags, Sonpapdi Packaging Machine, etc. promptly with the help of our vast distribution network. Our products are offered to the customers in many specifications in order to fulfill different industrial goals. We have a wide and satisfied customers list due to the diversity in products we manufacture.

All the products are inspected before undergoing the manufacturing process. The quality analysts check the products and look for any possible defects in manufacturing. Further, we have employed experienced R&D people who are well conversant with the current market trends and developments to update the technology used in manufacture. We try to offer our clients exceptional services with personalized items and on time. We also take upon the responsibility of offering services to the machines we construct, including their installation and commissioning.
