About Us

EMH Crane & Components designs, manufactures, and supplies a comprehensive range of material handling equipment for loads ranging from 250 kg to 250 tonnes. With extensive industry experience and several thousand successfully delivered hoists and crane systems, our team combines proven engineering expertise with innovative, customized solutions. Our standard components undergo rigorous qualification and quality control, while our engineering capabilities enable us to develop custom-made products tailored to specific operational requirements.

Maharashtra, India, is a prime manufacturer, supplier, and exporter of high-quality material handling and lifting equipment. With a strong focus on engineering excellence, product reliability, and customer satisfaction, the company provides efficient solutions designed to meet the diverse requirements of modern industrial operations. Our product portfolio includes Short Trolleys, Under-Running Hoists, Wall Travelling Cranes, and Wall-Mounted Slewing Cranes, along with specialized crane and material handling solutions. Each product is developed with attention to safety, durability, performance, and ease of operation.
