## About Us

At Universal International Business Private Limited, we are committed to driving innovation in the construction and manufacturing industries through precision-engineered solutions. Established in 2000 and headquartered in Pune, Maharashtra, we have earned a solid reputation as a trusted manufacturer and supplier of high-performance construction machinery. Our mission is to deliver value-driven equipment that enhances productivity and ensures operational efficiency for our clients. We specialize in the design and manufacturing of advanced construction equipment, including Rebar Bending Machine, Rebar Cutting Machine, Concrete Batching Plant, Egg Block Laying Machine and Block Making Machine. Our machines are built to deliver durability, precision, and ease of use, ensuring optimal performance across diverse site conditions. With a focus on safety and reliability, we help our clients achieve superior results on every project.

We continuously invest in technology and research and development to bring cutting-edge solutions to the market. Each of our machines is manufactured using high-grade materials and passes through rigorous quality checks to meet both national and international standards. Our focus on engineering excellence allows us to maintain consistency in performance and ensures the longevity of our equipment in demanding construction environments. As an organization with a long-term vision, we prioritize sustainability in our manufacturing processes and machine designs. Our equipment promotes energy efficiency, reduces material wastage, and supports scalable deployment in projects of any size. Through thoughtful engineering and customer-centric service, we aim to build long-lasting relationships and contribute positively to the industry and the environment.

**Key Facts**

<b>No of Staff</b>	125
<b>Year of Establishment</b>	2000
<b>No of Production Lines</b>	1
<b>OEM Service Provided</b>	No

**Our Products**

**Stationary Batching Plant**

**Mobile Batching Plant**

**Mini Batching Plant**

**Hydraulic Block Laying Machine**

**Egg Block Laying Machine**

**Industrial Batching Plant**

**Concrete Block Making Machine**

**Industrial Block Laying Machine**

**Industrial Bar Cutting Machine**

**Twin Batching Plant**

**Reversible Mini Batching Plant**

**Batching Plant On Wheels**

**Inline Batching Plant**

**Industrial Concrete Batching Plant**

**Concrete Batching Plant**

**Portable Mini Batching Plant**
