## About Us

We, Shape Waterjet Private Limited, have earned specialisation in waterjet technology. Established in the year 1999, we are able to render the most prompt and reliable waterjet services and supply an advanced range of Bar Pumps, Glass Cutting Complete Systems, Aqualine Water Only Cutting Heads, Superline Abrasive Towers, and many other products. Our services include Three Dimensional Water Cutting Services, Robotic Cutting Water Cutting Services, and more. Currently, we are counted among the leading manufacturers and suppliers in the market. We also offer turnkey solutions to customers as per their requirements.

Our products are known in the market for their outstanding design, rugged construction, corrosion-resistant finish, and low maintenance requirements. The products are specifically designed for ultra-high-speed conditions and high-volume 1-D, 2-D, and multiple-axis production. In addition to offering high-grade products, we make sure that the customer experience we offer is satisfying and exceeds the expectations of our customers, making us their number-one choice.

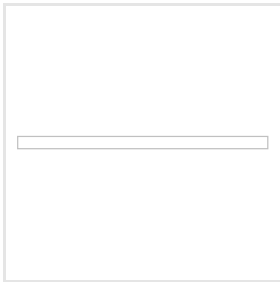

Key Facts

Nature of Business	Service Provider
No of Staff	10
Year of Establishment	1999
OEM Service Provided	No

## Our Products

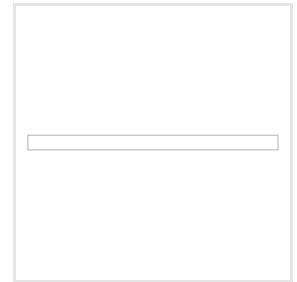

**AKS Water-Kut X2  
Small Format Three**

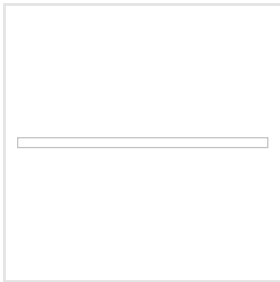

**Grid Avure HPP Food  
Processing Machine**

**Premium Versatile  
Format Waterjet**

**Sawjet Table Sasso  
Next Jet Stone Cutting**

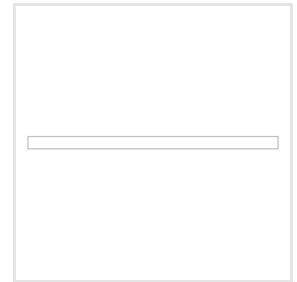

**Perfect Score  
Technologies Abrasive**

**Heinzen Hydroblade  
Waterjet Cutting**

**Koike Aronson  
Waterjet Systems**

**MULTICAM 5000 Series  
CNC Waterjet Cutting**

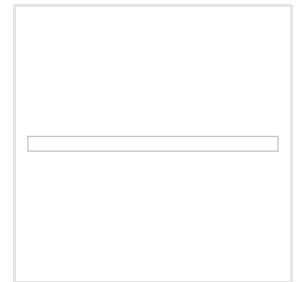

**One Dimensional  
Water Cutting Services**

**Pure Water Cutting  
Lockformer Mestek**

**Glassline Waterjet CNC  
Machines For Glass**

**KOIKE K-Jet Waterjet  
Systems Format**

**MULTICAM 5000 Series  
CNC Waterjet Cutting**

**Grid-Breton Robotic  
Waterjet Stone Cutting**

**Northwood Sawjet  
Combination 5 Axis**

**3D 5 Axis Cutting Par  
Systems Vector**
