

ELECTRICAL ASSEMBLY TOOLS
DAI-ICHI DENTSU LTD.

NUTRUNNER / HAND-HELD TOOL / SERVO PRESS

DDK FULL DIGITAL SERVO PRESS SERIES

DSP3000

Advanced Precision Technology

FEATURES

Flexibility

Multi Press Control

Parameter settings : Max 128

Sequence settings : Max 64

*Expansion unit is required.

Data Manageability

CF Card

Store press operation result, curve and program.

Ethernet

High-speed data communication

Accuracy

Distance display

1/1000 digit

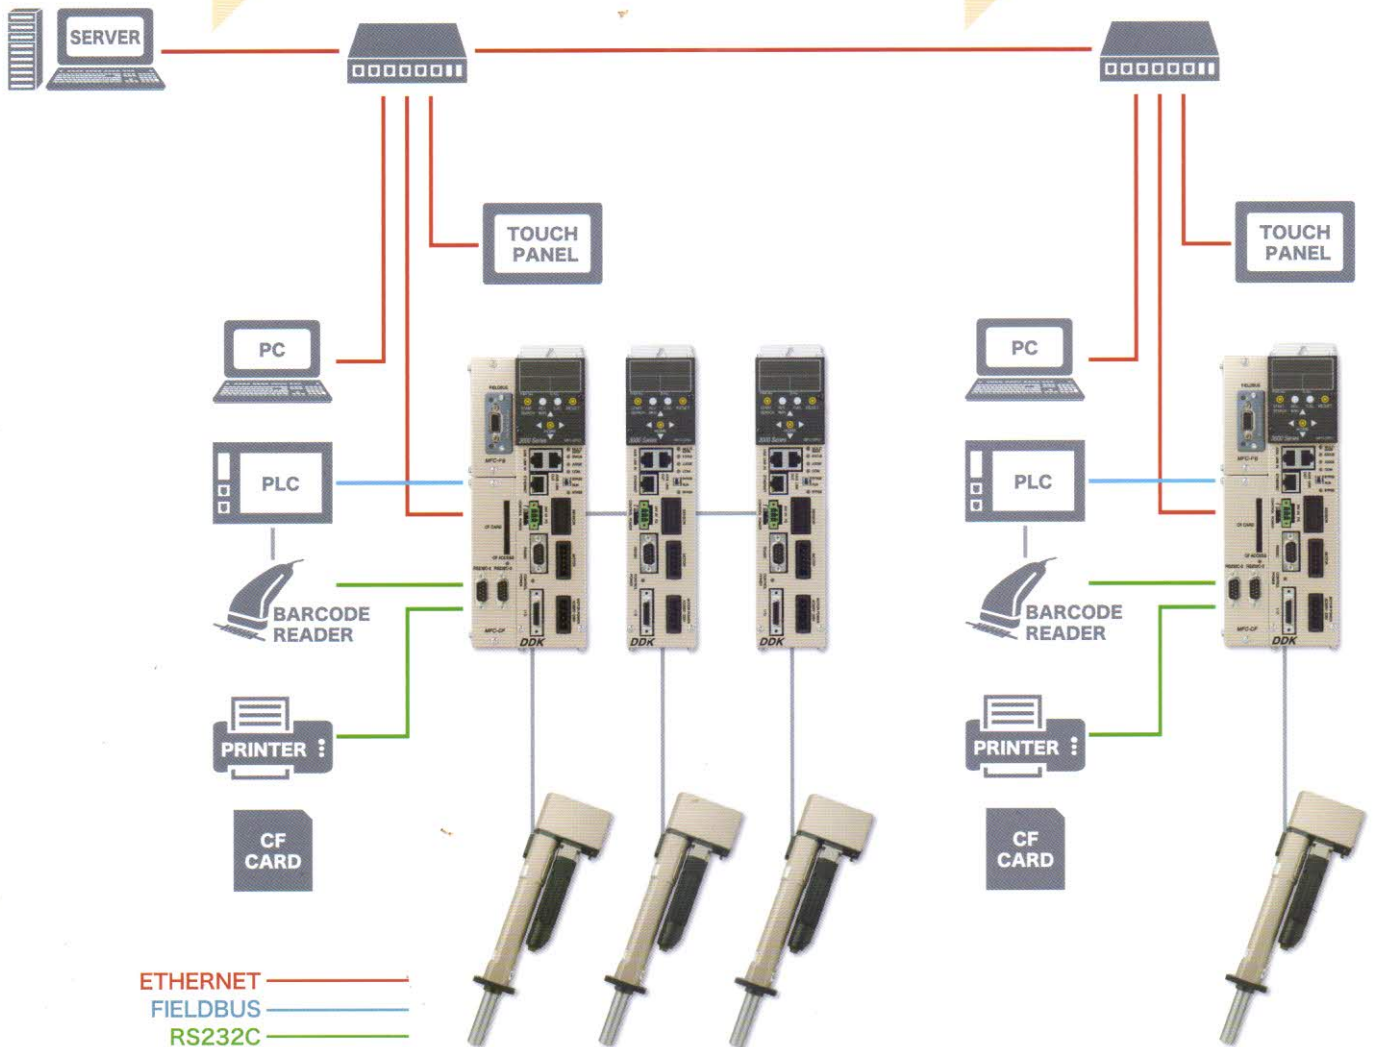

Ultra slow press control

0.01 mm/s

SYSTEM CONFIGURATION (Conceptual diagram)

Multi System

Single System

*"Multi Unit" not required in Multi system.

APPLICATION

AVAILABLE PRESS METHODS FOR VARIOUS APPLICATIONS

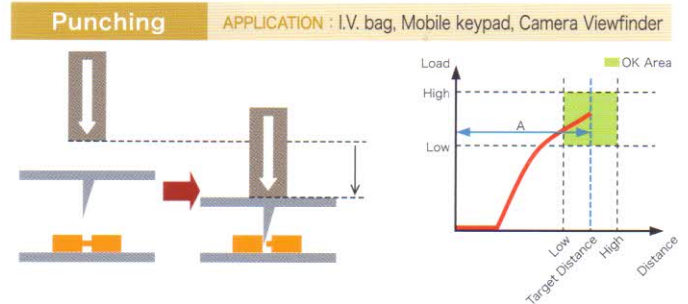

Load Method

Run to the target load, judge upper & lower limit of the load & distance.

Distance Method

Run to the target distance, judge upper & lower limit of the load & distance.

Specified Point Load Detection

Press by target load and judge the higher / lower load and distance. Judge the specified load simultaneously.

Load Rise Detection and Distance Method

Calculate load rise point within the specified distance area and judge the higher / lower load and distance from this point after pressing the target distance.

Load Drop Detection

Press by the target load, but servo press stops when it detects the load drop point on pressing and judge higher / lower load and distance.

Constant Load Distance Method

Press by the target load with load limit and judge the higher / lower load and distance.

CHECK FUNCTION

Interference Check

The servo press detects an interference check load, and stops pressing at this point, before part damage occurs.

Starting Load Detection

If the starting load is higher than the target load, range can be set to ignore / detect this initial spike.

CONTROLLER & EXPANSION UNIT

Controller

Optional Accessories

MFC-DP01

Improved operability

- 6 digits / 2 stage display
- Arrow keys with improved operability

MFC

Fieldbus Interface option

Available interfaces

- Expansion D-I/O Connector ·· [MFC-DT-S]
Input:32ch / Output:32ch
- CC-Link Ver2.00(Ver1.10) [MFC-CC-S]
- DeviceNet ······ [MFC-DN-S]
- PROFIBUS DP-V1 ······ [MFC-PB-S]
- EtherNet/IP ······ [MFC-EN-S]
- PROFINET IO ······ [MFC-PN-S]
- EtherCAT ······ [MFC-EC-S]
- CC-Link IE Field ······ [MFC-CI-S]

MFC-CF-S

Compact Flash Data Expansion
CF Card Slot with Access LED
RS232C IN / OUT Expansion

Controller Model	MFC-S024S	MFC-S060S	MFC-S120S
------------------	-----------	-----------	-----------

Peak Maximum Current	17.0A	42.4A	84.8A
----------------------	-------	-------	-------

Transformer Capacity	0.3KVAxPress	0.8KVAxPress	4.0KVAxPress
----------------------	--------------	--------------	--------------

Input Power	3 phase AC200~ 230V±10% 50/60Hz		
-------------	---------------------------------	--	--

Control Power	024S,060S	DC24V±10% 0.5A	
	120S	DC24V±10% 1.0A	

Display	6 digitx2 lines 7 segments LED display, Function switch : 9pcs		
---------	--	--	--

Switch	Bypass Slide Switch : RUN / BYPASS switch Setting Switch : For setting by user (front of unit) Axis Setting Switch : Maximum 32 spindles settable. Internal Setting Switch : 8 bit for adjustment by manufacturer (Unit bottom)		
--------	--	--	--

LED	MULTI LED,STATUS LED,JUDGE LED,COMLED, BYPASS LED,CONTROL POWER LED,Ethernet LED		
-----	---	--	--

RS232C communication	38400bps(Default) / 19200bps / 9600bps, 1port		
----------------------	---	--	--

External Analog Monitor Output	Load analog voltage, Distance pulse, CW/CCW pulse etc.		
--------------------------------	--	--	--

Axis Communication	Axis communication port(Maximum No. of connections: 32spindles)		
--------------------	---	--	--

Ethernet	PC communication port in conformity with IEEE802.3(100 BASE-T)		
----------	--	--	--

Standard I/O	Input: Bidirectional photo coupler input DC 12V 5mA / DC 24V 10mA No. of input points12ch *Both NPN(sink/-common) type and PNP(source/+common) type connectable Output:Photo MOS relay contact point DC 24V 30mA.No. of output points12ch *Both NPN(sink/-common) type and PNP(source/+common) type connectable		
--------------	---	--	--
