About Us

Seemsan Tubes is an age-old, famous name in the industry for offering the best-in-class Mild Steel Rectangular Tubes, Mild Steel Seamless Pipes, Mild Steel Hydraulic Pipes, GI Pipes, and other products. Well-established as one of the top traders, suppliers, and wholesalers in the industry, we are headed by Mr. Irshad Khan (business head). He is an industry expert, and under his vigilance and guidance, we are growing by leaps and bounds year by year. Today, we are recognized as a trusted provider of the aforementioned products by a large clientele all over India. Even from the remote areas of the country, customers contact us to fulfill their requirements. Hence, with pride and a sense of responsibility, we meet their demands with complete honesty, transparency, and perfection. Thus, because of the aforesaid reasons, we have been thriving for so many years now. Integrity, authenticity, quality, and respect for our customers are the four foundational principles following which we have come this far and are sure to set benchmarks in the industry in the coming years as well.

Well-known for offering an extensive range of premium-quality GI Pipes, Mild Steel Hydraulic Pipes, Mild Steel Seamless Pipes, Mild Steel Rectangular Tubes, and other products, we, Seemsan Tubes, are a renowned name in the market. Customers from PAN India entrust us as their prime choice to fulfill their requirements for the same. Located in Mumbai (Maharashtra, India), we are engaged as a reliable trader, supplier, and wholesaler of the aforementioned products. We never shy away from ensuring the highest levels of quality across the entire product range. Both before and after the procurement procedure, the products are tested by our team of quality auditors multiple times. Therefore, our products are unique, highly durable, robust, and cost-worthy. We bet that our customers will never receive the same quality that we provide anywhere else in the market for prices as low as we quote.
