OPEN TYPE SLUGGING WRENCH

About Us

We, 9TORC, began our business journey as a start up in 2018 from Mumbai, Maharashtra, India, for providing Torquing tools and Bolting such as Standard Impact Sockets, Thin Wall Impact Sockets, Open Type Slugging Wrench, Electric Torque Wrench, Manual Torque Multiplier, etc. Now, with our determination and dedication, we have become a trusted manufacturer, supplier and trader. Initially, we have focused on our sourcing agent who provide us raw materials to manufacture products. Once the raw materials are verified and approved by following the quality guidelines at our manufacturing unit, then we process it further to fabricate products using the specifications in order to make them unique and different.

No manufacturing unit can work efficiently unless it has latest machines, equipment , technology, domain experts, engineers, designers and so on. Fortunately, we possess all in right proportion to carry on the growth engine of our organization smoothly and efficiently. In doing it, everyone is working together to meet the objectives of the company for ensuring growth and success. We always consider our employees as an asset which appears to be the main reason of our success in the operational domain.

Key Facts

No of Staff	12
Year of Establishment	2018
OEM Service Provided	No

Our Products

Manual Torque Wrench

Industrial Bolt Tensioners

Pneumatic Type OCP Series Pipe Cutting

Electro Metabo Type OCM Series Pipe

Electric Type OCE Series Pipe Cutting Machine
