## About Us

The industrial expertise and product quality of a manufacturing company largely determine its profitability. Thankfully, since the beginning of our company, Setune ESD (I) Private Limited, in the year 2022 we have only offered our customers high-quality products. Despite the fact that our business operations started recently, we have gained the confidence of a great number of clients. We have been working as a manufacturer and supplier of a broad variety of products. We make every effort to ensure that all our products like PP Conductive Corrugated Box, Soldering Iron Cleaning Sponge, PU type Antistatic Wrist Strap, Wrist Strap Footwear Tester, AWS 12060 SP ESD Workstation, ESD Epoxy System, etc., are reasonably priced so that more customers are attracted towards our company.

Regardless of the fact that our company, Setune ESD (I) Private Limited was started recently, we have established ourselves as a well-renowned name that offer high quality products. As we uphold the highest quality standards across our whole range of goods, including Chrome Base ESD Chair, SMD Rework Station, ESD Panda Shelf Bins, Continuous Workstation Monitor, AWS 12060 ESD Workstation, PVC ESD Cordless Wrist Strap, etc., we have been able to greatly expand our business. We value each and every one of our customers, and always work respectfully with them. Additionally, we have our facility situated in the city of Pune, Maharashtra, India, from where we deliver our products as quickly as possible to the designated location for every customer.
