About Us

Founded in 2012, Kingmax Cellulose Co. Ltd. is a worldwide popular organization known as a reliable manufacturer, supplier, exporter, and producer in the industry. We are catering to the demands of a large clientele for premium-quality Carboxy Methyl Cellulose, Hydroxy Ethyl Cellulose, Hydroxy Propyl Methyl Cellulose, White Redispersible Polymer Powders, and other products. Committed to excellence, we work hard each day to deliver a product range that is commendable and a customer experience that is worthwhile. Today, we are leading the market and have earned wide prominence as the preferred choice of a large clientele.

With the constant support of our multitalented professionals, we promise to keep up with the optimum standards of quality across our products and services, delivering our customers the best. Moreover, we also guarantee to maintain complete transparency across our business dealings, valuing the trust our customers and other associates show in us.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	RDP,CMC,HEC,MHEC,HPMC
No of Staff	200
Year of Establishment	2012
OEM Service Provided	No
ProductRange	RDP,CMC,HEC,MHEC,HPMC
