About Us

VK Packaging and Automations is an esteemed Manufacturer, Supplier and Service Provider, specializing in providing high-tech solutions in the field of packaging and material handling solutions to a variety of industrial applications. We provide a wide variety of equipment such as Bottle Filling Machines, Carton Tapping Machines, Belt Conveyors, Check Weighers, Stainless Steel Tanks and all types of automation equipment to enhance productivity, accuracy and operational efficiency.

We are also committed to innovation and engineering excellence, offering solutions that enable businesses to optimize their manufacturing and packaging operations. We create our products in accordance with the current industry standards and are highly valued for their strength, durability and user-friendliness. We recognize that each production facility needs their own needs and we work to provide solutions that can be customized for each application.
